Quality Initiative

Intent

The Division of Professional-Technical Education wants to ensure that we support curriculum that is:

Rigorous
Relevant
Measurable
Allowing for Sufficient Complexity

Components of the Quality Initiative

Rigorous Technical Programs
- Meet Industry Standards
- Use Technical Achievement Measures
- Instruct on All Aspects of the Industry

Integration of Academic Achievement Standards

Articulation of High School and College Curriculum

Strategies

Align Programs with Career Clusters and Pathways

Evaluate and Improve Existing Programs

Identify and Implement New Programs

Develop and In-service New Curricula

Integrate Academic Standards

Broaden Scope (All Aspects of the Industry)

Develop and Use Assessment Tools
