

Quality Initiative

Intent

The Division of Professional-Technical Education wants to ensure that we support curriculum that is:

- Rigorous
- Relevant
- Measurable
- Allowing for Sufficient Complexity

Components of the Quality Initiative

- Rigorous Technical Programs
 - Meet Industry Standards
 - Use Technical Achievement Measures
 - Instruct on All Aspects of the Industry

- Integration of Academic Achievement Standards

- Articulation of High School and College Curriculum

Strategies

- Align Programs with Career Clusters and Pathways

- Evaluate and Improve Existing Programs

- Identify and Implement New Programs

- Develop and In-service New Curricula

- Integrate Academic Standards

- Broaden Scope (All Aspects of the Industry)

- Develop and Use Assessment Tools
